The Ohio State University is committed to promoting a safe and healthy campus environment, where students are free from hazing. Hazing impedes the university’s vision of being the model 21st-century public, land grant, research, urban, community-engaged institution.

Ohio State prohibits hazing, and all members of the university community are expected to conduct themselves in a manner that maintains an environment free from hazing. This policy defines expectations for the university community around hazing and establishes mechanisms for determining when those expectations have been violated, and further establishes requirements for hazing education and reporting.

Purpose of the Policy
To prohibit hazing of students and establish requirements for hazing education, reporting, and response in accordance with Collin’s Law: Ohio’s Anti Hazing Act (Collin’s Law).

B. The duty to report to the university is satisfied by completing an online Hazing Incident Report.

E. Making a report to the university does not prevent an individual from also filing a report of a crime with law enforcement nor does it extend time limits that may apply in criminal processes.
F. More information on the duty to report to the university under this policy can be found at go.osu.edu/reporthazing.

PROCEDURE

Issued: 01/09/2023

I. Receipt of Report
A. The university will review all reports of hazing that it receives.
B. The university routinely notifies the appropriate law enforcement agency or agencies when a report of hazing is received. This notification does not replace requirements an individual may have under state law to report hazing.

II. Interim Measures
A. To protect the ongoing health and safety of the university community, the university may issue interim measures (e.g., interim suspension or directive) as dictated by university policies and the Code of Student Conduct.

III. Investigation, and Adjudication
A. An investigation process related to the reported hazing will be completed by the appropriate university office(s) in accordance with their applicable procedures. Based upon the involved parties and the nature of the allegations, these offices may include, but are not limited to, Student Conduct within the Office of Student Life, the Office of Human Resources, the Office of Institutional Equity, and University Police.
B. Alleged violations of this policy will be adjudicated under applicable policies and rules, including the Code of Student Conduct for alleged violations by students.
IV. Sanctions/Corrective Action
   A. When a student is found to have violated this policy, potential sanctions pursuant to the Code of Student Conduct include formal reprimand, disciplinary probation, suspension, dismissal, and other appropriate educational opportunities or sanctions.
      1. Notice will be provided to the student if a sanction becomes part of their academic transcript.
   B. When an employee is found to have violated this policy, corrective actions may be taken pursuant to the Corrective Action and Involuntary Termination policy, Student Employment policy, applicable collective bargaining agreements, and/or University Faculty Rule 3335-5-04. Disciplinary corrective actions may include reduction in supervisory duties and leadership responsibilities, changes in salary, demotion, termination, and other appropriate corrective actions.
      1. Notice will be provided to the employee and the corrective action will become a part of the employee’s personnel records.
      2. Student employees may be subject to sanctions and corrective action. For instance, a student employee who is suspended from the university may also be subject to termination or other corrective action.
   C. If a student organization is found to have violated this policy, the university may revoke that entity’s permission to operate on university property or rescind its university recognition among other actions.
   D. When alumni, consultants or volunteers are found to have violated this policy, the university reserves the right to take appropriate action.
   E. Violations of this policy are subject to referral to appropriate law enforcement or university services, as well as to regional, national, and/or international affiliated offices of student organizations, for additional action and/or prosecution.

V. Public Reporting
   A. The university will maintain a report of all violations of this policy and will post the report on its publicly accessible Hazing Prevention website, as required by Collin’s Law.

VI. Amnesty
   A. The university understands that students may be reluctant to report hazing due to a concern of potential consequences for their own actions. Therefore, students who make a report under this policy or who participate in an investigation related to this policy may receive amnesty as defined by the Code of Student Conduct.

VII. Training
   A. All faculty, staff, student employees, graduate associates, students, and other individuals designated by the university must complete annual anti-hazing and other related training as directed by the university in accordance with Collin’s Law.
   B. All individuals and volunteers who have responsibilities under any part of this policy must complete training as directed by the university.
